To whom it may concern:

I want to take this opportunity to recognize the efforts Mr. Dylan Schopper put in to getting us in our new Houston facility. His perseverance and determination has secured us a building with the corporate identity and high end image we were looking for.

Dylan's unique and enthusiastic approach to his job subsidized a smooth transaction process for us. Even after the deal was finalized, Dylan remained diligent in following up to make sure we were happy at our new location.

Dylan's attention to detail and follow up is second to none and I would happily recommend him to anyone in need of commercial real estate. I look forward to continuing a relationship with Dylan and his team.

Sincerely,

Larry Earley
